The unique Würzburg Flair

Why is Würzburg so popular? Many people come visit time and time again, not because of the location alongside the Main River and the ease of getting here. No, it has everything to do with the unique atmosphere that simply makes you feel good.

It's a special mix of culture and ambiance, of world heritage and wine festivals, of modern and classical music, of avant-garde and age-old traditions, of sciences and party atmosphere that makes this town so popular. The stunning historical architecture provides the perfect setting for everything Würzburg has to offer. At every step you can experience why Würzburg is a member of the „Historic Highlights of Germany“. There are many hotels and restaurants that are looking forward to your visit. – Enjoy the local Franconian wine, a glass of Franconian sparkling wine and other culinary treats from the region.

Alte Mainbrücke and Fortress Marienberg

Alte Mainbrücke, City Hall and Cathedral of St. Kilian

The Residence Palace – A UNESCO World Cultural Heritage Site

Balthasar Neumann, Europe's greatest architect of the Baroque era, built the Residence Palace. This former home of the prince bishops of Würzburg is nicknamed "the castle above all castles." The grand staircase of the Residence Palace is deemed the most beautiful staircase in the world. Other renowned artists whose names are inextricably linked to this lovely city on the Main river are Tilman Riemenschneider and Giovanni Battista Tiepolo.

Almost Like Hollywood but Real: The Towers of Würzburg

Würzburg is not a fake movie backdrop but a real, vibrant city. The view from the Fortress Marienberg across the many towers rising above the city – the cathedral, the Marienkapelle, the town hall, and the Käppele – is breathtaking and unforgettable.

The Museums: Visit, Experience, and Learn

At the Museum für Franken, you find a large collection of works by Tilman Riemenschneider. The Museum am Dom offers a unique collection of modern and contemporary art. The award-winning Museum im Kulturspeicher offers Concrete Art in a truly extraordinary setting. If you are interested in items from the antiquity, then visit the Martin von Wagner Museum. There is something here for any interest!

Fascinating Tradition: Franconian Wine, the Bocksbeutel and Typical Restaurants

Our recommendation: Quaint restaurants and traditional wine taverns offering local fare. Of course, you can also opt for international cuisine at five star restaurants. And don't forget that this is one of the best wine-growing areas in Germany. So don't miss the opportunity to sample a local wine from a Bocksbeutel bottle. This should be a mandatory part of any visit...

For an up-close experience of the Franconian joie de vivre, visit one of the many local wine festivals, tour a wine cellar or participate in a wine tasting.

Music festival Umsonst & Draussen

One in Four Residents is a College Student

Würzburg is home to about 36,000 college students. Wilhelm Conrad Röntgen once studied here and discovered X-rays that have transformed our lives. In 1901, he was awarded the Nobel Prize in Physics for his work. There are a total of 14 Nobel Prize winners that once studied and lectured at the university and helped further its excellent reputation. The Technical University of Applied Sciences Würzburg-Schweinfurt offers more than 40 different Bachelor's and Master's degree programs. The University of Music Würzburg has produced many well-known musicians, among them the world-famous singers Waltraud Meier and Diana Damrau.

A Unique Setting: Mozart Meets African diversity

Are you looking for classical music or African drum beats? We have got you covered! The Africa Festival in Würzburg is the largest African Culture Festival in Europe and Würzburg also hosts the acclaimed Mozart Festival, an outstanding classical music concert series. If you need more: There is the Umsonst & Draussen Festival, the International Film Weekend, the STRAMU street art festival, the Bach Days, to name just a few.

Getting Here Is Easy: We are Located in the Heart of Europe

As much as locals enjoy the Franconian heritage, they also take advantage of the easy access to the rest of Europe. Würzburg sits at the crossroads of numerous new and old traffic routes. Three major interstate highways intersect here: Autobahn A3 Cologne – Würzburg – Munich, Autobahn A7 Hamburg – Würzburg – Ulm, and Autobahn A81 Stuttgart – Heilbronn – Würzburg. Furthermore, there are 350 train departures daily, 70 of which are high-speed trains, and you are only an hour's drive from Frankfurt International Airport. If you like the water, you can take a boat trip on the Main river to Sommerhausen or a leisurely cruise to Veitshöchheim and the most beautiful Rococo garden in all of Europe. Since the Rhine-Danube canal opened, the Main river has taken off as a boat-touring destination. In 2023 over 900 river cruises stopped in Würzburg. And don't forget to explore the scenic Romantic Road. There is no shortage of great options here.

Guided Tours Fortress Marienberg

Fortress Marienberg is visible from seemingly everywhere and is the symbol of the city of Würzburg as well as a testimony to more than 1000 years of history. In the main castle and in the inner courtyard (from the Scherenberg Bridge), construction work is taking place over several years as part of a general renovation. Visits to the main castle and other areas may therefore be restricted. The second courtyard, the so-called Echterhof, and the viewing points around the castle remain accessible. The moat offers a magnificent view of the old town. The regular guided tours of the castle continue to take place and provide an insight into the eventful history of the fortress.

Wine and hiking, cellar tour and culture, indulgence and going for a walk: Franconia has some of the best things to offer. You can choose between a big, historical wine estate such as the Staatlicher Hofkeller and a small family-operated winery, between an up-and-coming new wine grower and a traditional, worldclass wine estate. Wine, in all its colors and taste variations, simply is the number one topic here. The best introduction to Franconian wine is a cellar tour or a wine tasting. Maybe you and your group prefer to visit one of the many local wine festivals. But don't forget to enjoy the unique atmosphere of the "Brückenschoppen" on the Alte Mainbrücke (Old Main River Bridge) drinking a glass of wine, or two. And the traditional Franconian wine bottle is the Bocksbeutel – it makes a great souvenir.

WineWorld Juliusspital

In 1576 prince-bishop Julius Echter founded the charitable foundation Juliusspital in Würzburg.

The winery is part of this foundation and has always used the revenues to finance social projects. The cadre for the wine's individuality lies in 180 hectares of vineyard properties in the most famous wine region in Franconia. Maximum value is placed on respecting nature – sustainability for the vines and responsibility for future generations.

Cellar Tours and Wine Tastings

Wine is a cultural treasure and wine consumption is a joy. Experience both during a 90-minute tour of the Juliusspital wine estate. Take a trip through more than 440 years of (wine) history and get an inside view of one of the largest wineries in Germany. Immerse yourself in the realm of the cellar master, experience the fascinating excitement between modernly designed wine press houses and a historical wooden cask cellar in the middle of an impressive endowment site. Included is an informal wine tasting as an introduction to the Juliusspital wines; wines that are authentic, fresh, bold and unique.

Bürgerspital Wine Estate

Wine Estate Bürgerspital zum Heiligen Geist

The Bürgerspital wine estate has existed for over 700 years in Franconia. On 120 hectares of vineyards, primarily the classic grape varieties Riesling, Silvaner and Pinot are grown. The best wines are filled in "Bocksbeutel" (flat and bulbous bottles), which has been the most prestigious certificate of highest quality for us at the Bürgerspital for almost 300 years. The most valuable treasure of the wine estate are the unique vineyards, especially the "Würzburg Stein-Berg" and the monopole "Stein-Harfe". They shape the character and style of the Bürgerspital wines, which can be perfectly enjoyed by themselves or as accompaniments to food. The Bürgerspital is a founding member of the VDP (Verband Deutscher Prädikatsweingüter - Association of the leading German Wine Estates) and ranks its wines according to VDP classification: The closer the origin, the higher the quality. In order to identify the predicate wines, the bottles bear the eagle and grape symbol. The wine estate itself is part of the foundation Bürgerspital zum Hl. Geist. The original purpose of the foundation was to care for the elderly which continues to this day. With every bottle of wine sold, this social commitment is supported.

Long-Distance Bike Path Romantic Road

There can't possibly be a better way to experience Germany's best known and most popular route than by bicycle!

Würzburg is the gateway to the Romantic Road and its many highlights: There are the towns of Rothenburg with its entrance gates and fortified towers, the romantic town of Dinkelsbühl, Augsburg, the city of the Fugger, the world famous Wieskirche, the fairy-tale castle Neuschwanstein. Then there is the wildly romantic valley of the Tauber river, an ancient meteor crater near Nördlingen, as well as the impressive views of the Ammergau Alps.

Bicycle away from traffic on designated bike paths or lightly traveled secondary roads. Ride alongside the rivers Main, Tauber, Wörnitz, and Lech. There are no mountains here or highly aerobic ascends. Cities as well as small towns along the way offer many options for nourishment and an overnight stay.

The 460 km long trail from Würzburg to Füssen is well marked and suitable for families with children.

Our suggestions

9 am Breakfast

A relaxed breakfast in a café is a nice alternative to a hotel breakfast. There is no lack of possibilities in the university town of Würzburg. Popular addresses include “Café Wunschlos Glücklich”, “Café Fred”, “Unicafé” or “Jules” with French flair. For breakfast with lots of local color you can enjoy the “Marktcfé Brandstetter”, famous for its delicious “Hörnchen” (the Würzburg version of a croissant), or the Cafés “Marlene” and “Rudowitz” at Sanderstraße, popular with students.

10 am Stroll around the food market

At Würzburg’s farmers’ and speciality market, which was first documented no later than in the 14th century, you will find delicacies from regional production, fruit and vegetables from daily fresh harvests and, of course, fine cheeses, meat and sausage products, all handmade with love and care.

10:30 am Self-guided walking tour of the Old Town

From the market it is only a few steps to the “Falkenhaus” with its characteristic Rococo façade. Download the Würzburg audio guide to your smartphone free of charge from www.wuerzburg.de/audioguide and start your self-guided walking tour to many of Würzburg’s noteworthy sights from there.

12:30 pm Lunch

Around Market Square there are some of the most popular restaurants serving Franconian specialities, including the “Würzburger Ratskeller”, “Weinhaus Stachel”, “Alte Mainmühle” or “Backöfele”. In addition to Franconian classics such as “Schäufele” or “Blaue Zipfel”, a variety of daily specials are also tempting. If all you need is a snack, do it like the locals and go to the Bratwurst stand “Knüpfung” to get a “Geknickte mit Senf” (bratwurst with mustard).

2 pm Individual wine tasting or cellar tour?

With the Würzburg Wine Pass (see page 17) you can discover some of Würzburg’s most beautiful wine bars and wine taverns individually: by yourself, as a couple or with friends, no reservations required. You choose three out of six partner outlets and get to taste 1 glass of Franconian wine at each of them. From Friday to Sunday, the major wineries also offer interesting cellar tours. Details on pages 20 to 23.

7 pm Dine in style

For a classy dinner with excellent cuisine, Würzburg has a number of restaurants to choose from, including “Kuno 1408” (1 Michelin star), “Aifach Reisers”, “Glouglou”, “Souldfood Kitchen”, “Bürgerspital Weinstuben” or “Steinburgs Restaurant” at “Schlosshotel Steinburg”. The hotel’s own Culinarium can even be booked exclusively for cooking events for up to 22 people.

Our suggestions

9 am Breakfast

An excellent breakfast at the hotel or in one of the many breakfast cafés gives you the energy you need to enjoy a day full of cultural highlights.

10 am Private sightseeing tour

With a certified tour guide (book at www.wuerzburg.de/groups) you will discover some of the most beautiful sights of Würzburg’s Old Town on a private guided tour and learn a lot of interesting facts about Würzburg’s history and present. On your route you will see, for example, the “Falkenhaus” with its impressive Rococo façade, the “Marienkapelle” church, the “Lusamgärtchen” garden and “St. Kilian” cathedral. Your tour guide will be happy to take your main interests into account and will determine the exact route with you. Recommendation: The “Museum am Dom”, with its fascinating concept is located directly next to the cathedral: works of art from different eras are placed in exciting context to each other.

1 pm Lunch

Enjoy a hearty lunch in a typical Franconian restaurant.

2 pm Explore the “Alter Hafen” cultural district

Spend the afternoon exploring Würzburg’s cultural district “Alter Hafen” (Old Harbour) north of the “Friedensbrücke” bridge. The “Museum im Kulturspeicher”, the “BBK Gallery” and the art ship “Arte Noah” attract visitors with an exciting exhibition program. On your way, make sure you take a look at the “Augustinerkirche” church on Dominikanerplatz and let the contemporary interior design work its magic on you. No less impressive: the Fraunhofer Institute ISC building on Neunerplatz, designed by Zaha Hadid Architects.

6.30 pm Dinner and concert

After dinner at a restaurant of your choice, look forward to a visit of a concert at the “Mainfranken Theater”, Würzburg’s most renowned theater, or at the Hochschule für Musik (University of Music). “Posthalle” is famous for rock and pop concerts, Jugendkulturhaus Cairo is a popular venue for alternative music.

weather conditions affect the body, health or property of the Guest or the client to such a significant extent that the implementation is objectively intolerable for the Guest or the client and his/her participants.

c) If such conditions exist at the start of the tour or are objectively to be expected before the start of the tour at the agreed time, both the Guest or the client and the tour guide reserve the right to terminate the contract for the guided tour with immediate effect or extraordinarily.

4.9 In the event of such termination by the tour guide the Guest or the client shall have no claims for reimbursement of costs, in particular travel and accommodation costs, unless contractual or statutory claims of the Guest or the client for damages or reimbursement of expenses are justified in this respect.

5. Prices and payment; Number of participant

5.1. Agreed prices include the performance of the guided tour and additionally offered or agreed services.

Admission fees, catering expenses, as well as costs on public and private transport, city maps, leaflets, museum guides, tour costs within the framework of the visited sights included in the guided tours are only included in the agreed price if these are specifically listed as guided tour services or additionally agreed.

5.2. The following applies in the case of regular public group tours:

a) Unless expressly agreed otherwise, the agreed fee is due for payment immediately after receipt of the booking confirmation in accordance with Clause 3.

5.3 If the guest does not pay the fee in accordance with the agreed payment deadlines, although CTW is prepared and able to provide the contractually agreed tour guide services and the guest has no statutory or contractual right of set-off or retention, and if the guest is responsible for the payment delay, CTW is entitled to withdraw from the guest tour guide contract following a warning with a deadline and after the expiry of this deadline and may charge the guest any withdrawal costs in accordance with Clauses 6 and 7.

5.4. The following applies in the case of non-regular private group tours (individual groups):

a) At the beginning and/or end of the tour guide services outside of Würzburg inner city, the tour guide is entitled to claim reimbursement of travel costs and a fee to cover additional time.

b) Unless agreed otherwise, in particular, with regard to a down payment or full advance payment, the agreed fee is due for payment at the start of the tour. Cheques and credit cards are not accepted. If agreed with the tour guide, payment may be made against invoice. In this case, the invoice amount is due for payment immediately and without deduction and is to be paid to the tour guide.

c) If the tour guide is prepared and able to provide the agreed services and the guest or client has no statutory or contractual right of set-off or retention, they are not entitled to claim the agreed services without full payment before the beginning of the tour.

d) The tour guide's fee may include VAT if the tour guide is required to pay tax. Tour guides are usually small businesses and exempt from VAT (§ 19 BGB).

e) The maximum number of participants per tour guide in the case of journeys, e.g. to the Franconian wine country or along the Romantic Road is 50 people, while for city tours (including combined bus round trips/tours on foot) the maximum number is 25 people. For city bus tours, the number of participants is 50 people.

f) Unless expressly agreed otherwise, if the number of participants on a tour exceeds an agreed number or the ratio of 25 people per tour guide, the tour guide is entitled to seek the assistance of an additional tour guide. Irrespective of the extent by which the agreed number of participants is exceeded, such further tour guide shall be entitled to full remuneration in accordance with the respective valid rate. The original and additional tour guide are entitled to, in their sole discretion, decide how the group shall be divided between them. In the event that, upon commencement of the guided tour, the agreed number of participants is exceeded and an additional guide is not available, the original tour guide shall be entitled to a remuneration of twice the amount of the respective valid rate.

g) In the event that, prior to commencement

of the guided tour, it becomes apparent that the agreed number of participants is exceeded and an additional guide is not available, the original tour guide shall be entitled to a remuneration of one and a half the amount of the respective valid rate.

6. Failure to use ordered services

6.1. There shall be no entitlement to any reimbursement of payments which have already been made if the Customer or the booking party does not use the agreed services either in whole or in part for reasons for which the tour guide or CTW cannot be held responsible and even though the tour guide is ready and able to provide the services.

6.2. The agreed remuneration shall be subject to the corresponding statutory regulations (§ 615 paragraphs 1 and 2 of the German Civil Code BGB):

a) The agreed remuneration is to be paid without entitlement to any Annex 1 subsequent performance of the guided tour at a later point in time.

b) The tour guide shall, however, allow any expenses not incurred as result of said failure to take part in the guided tour to be deducted from the remuneration as well as any remuneration he obtains or maliciously refrains from obtaining through placement elsewhere of agreed services.

7. Cancellation, withdrawal and change of booking by the Customer or booking party

7.1. The Guest or the client may cancel the order up to and including the fourth working day (Monday to Friday) before the agreed date free of charge. Cancellation is possible by fax (+49(0)931/373652) or email (service@wuerzburg.de) during the business hours of the CTW main office (Monday to Thursday 8.30am to 5pm, Friday 8.30am to 1pm).

7.2. The following applies in the event of cancellation at a later date by the guest or client:

a) Reference is made to the provisions of Clause 6.2 for regular public group tour bookings. A cancellation booking amounting to the full agreed fee is usually charged in such cases, less any saved included fees in accordance with Clause 5.2. Any further deductions of income from other use of the agreed executive services are usually not possible due to the fact that these are public tour guide services.

b) Reference is also made to the provisions of Clause 6.2 for the booking of nonregular private group tours (individual groups). A cancellation booking amounting to the agreed fee is usually charged following deduction of any saved included fees in accordance with Clause 5.2. Furthermore, any further deductions of income from other use of the agreed executive services can only be considered if the specifically agreed tour guide services are able to be used for another purpose.

c) In this case, the tour guide must directly invoice the guest or corporate client for the cancellation fee.

7.3. If applicable, the Customer or booking party shall have entitlement to furnish proof that the tour guide has suffered no loss or that the loss sustained is less than the invoiced amount.

7.4. The above withdrawal and cancellation provisions do not affect the Guest's or client's statutory or contractual rights of withdrawal and cancellation in the event of deficiencies in the tour guide's services or CTW's agency services or other statutory warranty claims.

7.5. Changes of booking (change of date, time, tour route/schedule and of any essential services and modalities involved in the guided tour) may be made, free of charge, up to the fourth working day before the agreed date of performance, after which it will only be possible to make changes by cancelling the booking in accordance with the above conditions and subsequently making a new booking. Such changes shall not be considered valid until confirmed in writing by CTW.

8. Liability of CTW and the tour guide

8.1. Reference is made to Clauses 1.3 and 1.5 of these terms and conditions with regard to the liability of CTW as a private group tour intermediary.

8.2. The tour guide as well as CTW – to the extent that CTW acts as a provider responsible for performance of regular public group tours – is liable without limitation – provided the damage results from the breach of a material obligation, the fulfilment of which is a prerequisite for the proper execution of the contract or the breach of which

jeopardizes the achievement of the purpose of the contract

– provided the damage results from injury to the life, body or health of the guest

– in all other respects the liability of the tour guide or CTW is limited to damages caused by the tour guide or CTW or their vicarious agents intentionally or as a result of gross negligence.

8.3. The tour guide or CTW as the provider responsible for performance of regular public group tours is not liable for the services, measures or omissions of catering establishments, institutions, sightseeing venues or any other services visited within the context of the tour, unless the damage is caused by or partially caused by a culpable breach of duty on the part of the tour guide or of CTW.

9. Tour times

9.1. The following applies in the case of regular public group tours:

Agreed tour times must be adhered to punctually. If the guest is late without this being the fault of the tour guide or CTW, the tour guide service is deemed to have started at the agreed beginning of the service with no further waiting, in consideration of the other tour participants. The guest or client is not entitled to a discount due to partial non-fulfilment in this case.

9.2. The following applies in the case of non-regular private group tours (individual groups):

a) When making the booking or in a timely manner before the agreed tour date, the guest or corporate client will be asked to provide a mobile phone number so that they can be contacted in the event of extraordinary circumstances. CTW usually also provides the guest or a nominated individual with the corresponding mobile phone number of the tour guide providing the tour.

b) Agreed tour times shall be strictly adhered to. If subject to any delay, the Customer shall accordingly notify the tour guide at latest by the agreed time of the guided tour's commencement and indicate the probable time of arrival. The tour guide may refuse to postpone the tour's time of commencement if such postponement is objectively impossible or unreasonable, in particular if subsequent tours or other compelling business or private appointments of the tour guide cannot be kept as a result. Generally speaking, any postponements over 30 minutes shall entitle the tour guide to cancel the tour. The tour guide's entitlement to payment shall remain, and the provision set down in Section 6 shall apply correspondingly. In such case the tour guide will invoice the Customer or booking party directly.

9.3 If the tour begins late due to circumstances that are not the fault of

a) either the tour guide

b) or CTW as the provider responsible for performance of regular public group tours,

c) and which are also not the fault of CTW within the scope of the arrangement of non-regular private tour guides due to a violation of the intermediary obligations, there is generally no entitlement to claim an extension of the tourtime. This does not affect any claims of the guest due to partial non-fulfilment of the tour guide services, to the extent that the guest or client of the corporate client is not to blame for the delay. In the event that a group arrives late for a guided tour, the tour guide and the guest or group's representative shall agree whether the guided tour shall be accordingly abbreviated or whether – provided the tour guide is available and has no other obligations – the guided tour service shall be provided in the full, originally agreed length. In such case, the tour guide's remuneration shall be calculated on the basis of the period of time resulting from the waiting time due to the delay plus the full length of the guided tour.

9.3 If the tour begins late due to circumstances that are not the fault of

a) either the tour guide

b) or CTW as the provider responsible for performance of regular public group tours,

c) and which are also not the fault of CTW within the scope of the arrangement of non-regular private tour guides due to a violation of the intermediary obligations, there is generally no entitlement to claim an extension of the tourtime. This does not affect any claims of the guest due to partial non-fulfilment of the tour guide services, to the extent that the guest or client of the corporate client is not to blame for the delay. In the event that a group arrives late for a guided tour, the tour guide and the guest or group's representative shall agree whether the guided tour shall be accordingly abbreviated or whether – provided the tour guide is available and has no other obligations – the guided tour service shall be provided in the full, originally agreed length. In such case, the tour guide's remuneration shall be calculated on the basis of the period of time resulting from the waiting time due to the delay plus the full length of the guided tour.

This does not affect any claims of the guest due to partial non-fulfilment of the tour guide services, to the extent that the guest or client of the corporate client is not to blame for the delay. In the event that a group arrives late for a guided tour, the tour guide and the guest or group's representative shall agree whether the guided tour shall be accordingly abbreviated or whether – provided the tour guide is available and has no other obligations – the guided tour service shall be provided in the full, originally agreed length. In such case, the tour guide's remuneration shall be calculated on the basis of the period of time resulting from the waiting time due to the delay plus the full length of the guided tour.

In such case, the tour guide's remuneration shall be calculated on the basis of the period of time resulting from the waiting time due to the delay plus the full length of the guided tour.

9.3 If the tour begins late due to circumstances that are not the fault of

a) either the tour guide

b) or CTW as the provider responsible for performance of regular public group tours,

their respectively due report are not remedied. In the event of any unjustified cancellation or abandonment of services the right to reimbursement of service rates paid shall be excluded. Warranty claims of the Guest or the client in the event of deficient performance of the guided tour remain unaffected.

10.3 Combined bus and walking tours, city tours by bus and bus travel services may only be provided in busses with functioning microphone systems and guide seats. Otherwise, the tour guide shall be entitled to reject provision of the guided tour services while his/her right to remuneration shall remain unaffected (the provisions of section 6.2 shall apply accordingly).

11. Special regulations in connection with pandemics (especially COVID-19)

11.1. The parties agree that the contracted services shall always be provided in compliance with and according to the official requirements and conditions applicable at the respective time of performance.

11.2. The parties agree that within the scope of this agreement a right of cancellation due to force majeure or significant changes to services due to official requirements for the performance of guided tours is excluded, unless guided tours are generally prohibited by the authorities at the time of performance.

11.3. The Guest agrees to follow any reasonable usage regulations or restrictions imposed by the tour guide when using services (especially the possible wearing of a face mask).

11.4. The contract is agreed subject to the tour guide's reservation of cancellation that the agreed maximum number of participants at the time of service provision is permitted at any time in accordance with the official requirements applicable to the tour.

12. Insurances

12.1. Contractually agreed services shall only include insurance cover in favour of the Customer or booking party if specifically agreed accordingly.

12.2. The Customer or booking party is strongly advised to take out a travel cancellation insurance policy.

13. Accessibility of local sights and the special regulations relating thereto

13.1. CTW has no influence on the admission times of local sights, for which reason the time quoted in CTW's confirmation of order applies solely to the start of the tour and does NOT serve as guarantee of admission to a sight at that point.

13.2. Furthermore, CTW has no influence on the general accessibility on Sundays and public holidays of museums and public buildings, in particular churches (which might be closed for tours because of, for example, services, special events, etc.).

13.3. Würzburg's castle and garden management have established the following regulation in order to ensure smooth running tours of the Residence UNESCO World Heritage site: Groups consisting of less than 30 people may be "topped up" with other individual visitors even if a group has booked its own tour guide. There might be some admission waiting times in peak periods and during the guided tour.

14. Statute of limitation and alternative settlement of disputes

14.1. With respect to the newly introduced legislation regulating the settlement of consumer disputes (Gesetz über Verbraucherstreitbeilegung), CTW duly informs the client herewith that it currently does not participate in any such voluntary settlement programme, unless specified otherwise within print or online advertisements published by the tour guides. In the event that the participation in such a programme became obligatory in the further course after printing and publishing these terms and conditions, CTW will duly inform its clients accordingly. In relation to all contractual relationships concluded electronically, CTW makes reference herewith to the European dispute settlement platform <http://ec.europa.eu/consumers/odr>.

14.2. Contractual claims on the part of the Customer/booking party against the tour guide or CTW arising from injury to life, limb or health, including contractual claims for compensation, that are based on said parties' negligent breach of duty or a deliberate or negligent breach of obligation on the part of their legal

representatives or vicarious agents shall lapse after three years.

This shall also apply to compensation claims for other damages that are based upon a grossly negligent breach of duty on the part of the tour guide and/or of CTW or based on a deliberate or grossly negligent breach of duty by their legal representatives or vicarious agents.

14.3. All other contractual claims shall lapse after one year.

14.4. The period of limitation as per the above provisions shall in each case begin as from the end of the year in which the claim arose and in which the Customer/booking party became aware of the circumstances upon which the claim is based and in which the tour guide and/or CTW as liable parties became aware of, with-out gross negligence on their part, had to become aware of said circumstances.

14.5. If negotiations are in progress between the Customer and the tour guide and/or CTW in respect of the claims lodged or the circumstances upon which the claim is based, the period if limitation shall be suspended until such time as the Customer or the tour guide and/or CTW refuses to continue with the negotiations. The aforementioned period of limitation of one year shall become effective three months after such suspension at the earliest.

15. Information about data processing

We use the data provided by you to confirm and process your booking as and to send you information and offers. For more information about the processing and storage and your rights as a data subject (in particular the right to obtain information and object) in our Data Protection Notice, which is available at all times at <https://www.wuerzburg.de/infos/datenschutzerklaerung> and at our office and which we would be happy to send to you.

16. Applicable law, place of jurisdiction

16.1. The entire contractual and legal relationship between CTW and the Customer or booking party as well as between the tour guide and the Customer is governed exclusively by the law of the Federal Republic of Germany.

16.2. Insofar as complete on-site payment to the tour guide is agreed, the place of performance and the place of jurisdiction shall be the place where the tour is carried out.

16.3. The Customer or booking party may only file a legal action against the tour guide or CTW at their general place of jurisdiction.

16.4. Unless the place of jurisdiction for the place of performance is justified, the authoritative place for legal action on the part of the tour guide and/or CTW against the Customer or booking party shall be the latter's general place of jurisdiction. If the booking party is a merchant within the meaning of the German Commercial Code or a public or private law legal entity, or if the Customer or booking party has no general place of jurisdiction in Germany, the exclusive place of jurisdiction for any claims of the tour guide or CTW shall be their place of residence or their principal place of business.

16.5. The above provisions on applicable law and the place of jurisdiction shall not apply if determined otherwise in favour of the Customer or booking party by EU regulations applicable to the contract with the tour guide.
